

Let Us Dream

By Pope Francis

Part 2: *Lets make this personal. Take some time to consider a personal COVID during your life. A critical point when everything changed whether you wanted it to or not, similar to the three moments Pope Francis discusses in the book.*

“To enter into the crisis is to be sifted” pg 1

How did your personal Covid cause you to be sifted?

“The basic rule of a crisis is that you don’t come out of it the same. If you get through it, you come out better or worse, but never the same.” Pg 1

Are you better or worse? How are you different?

“In trials of life, you reveal your own heart: how solid it is how merciful how big or small.” Pg 1

What did you learn about yourself that surprised you?

“In a crisis there’s always the temptaion to retreat.” Pg 3

How were you tempted to retreat?

“The overflow (of God’s mercy) is to be found in the suffering that this crisis has revealed and the creative ways in which so many people have responded.” Pg 7

How did you experience God’s mercy while suffering your personal Covid and how did God use or reveal your own creativity during that time?
